RE: Non-objection to proposed pipeline project by Midcontinent Express Pipeline, LLC

Dear Sir:

Please be advised that the Claiborne Parish Watershed District board of Commissioners, as the overseer of the watershed of all parish streams, hereby advises that it has no objection to the diagramed proposed route for the Midcontinent Express Pipeline through Claiborne Parish nor to its applications for permits from all jurisdictional agencies. The board will wish to give further consideration to any changes to the route diagramed or additions, such as operational centers and storage areas, should such changes involve Claiborne Parish. Please note the attached resolution of the district board, dated September 20, 2007, regarding this matter.

Sincerely:

Phillip E. Fincher
